Come Kick off the State Blasting Conference with UK's ISEE!

About UK ISEE:

The University of Kentucky ISEE chapter was formed in 2007. In 2010, we began our annual Clay Shoot fundraiser. We began this fundraiser in order to provide funding to the organization as well as kick off the State Blasting Conference in Lexington Kentucky. The funding will send student members of the organization to the National ISEE Conference held annually, as well as allow us to participate in other events throughout the year like the annual float trip with the Missouri Science and Technology Chapter of ISEE and Community Outreach opportunities. This year, the National Conference will take place in Nashville, Tennessee from January 27th through 30th.
